*Make happiness in
workplace grow again.*

A peaceful green hideaway

Transform your office into a lush forest and show that you care. Use flowerpots of two different heights as clever space dividers to close yourself off from the endlessness of the open office floor plan. The 360-degree rotating wheels allow you to give your office space a new floral face-lift, anytime.

Order these mobile plant dividers, cleverly lined with acoustic foam and optionally covered in acoustic fabric on all sides, to dampen noise and create a soothing environment for employees. Or opt for a more multifunctional design that puts a spacious shelf on one side.

Welcome Zone

Social Zone

Collaboration Zone

Concentration Zone

Universal design for all work zones:

- Bring greenery into the office
- Create a homey atmosphere
- Separate work zones and corridors
- Construct inspiring private spaces
- Improve office acoustics

Acoustic fabric and wadding

Perforated MDF-plate

Acoustic foam

Dampening unnecessary noise: Grow's exterior walls are covered with a layer of acoustic fabric, a middle layer of perforated MDF-plate that channels noise into a deep layer of special acoustic foam.

Protective waterproof metal box

The top part of Grow features an integrated waterproof metal box for safe watering of plants.

Product information
