Meeter

The most popular seating series

CREATE SPACES
WHERE EVERY

(CENTI)**MEETER**
COUNTS

Meeter offers modular, banquet-style seating that seamlessly blends into any space. Design large seating areas, border compact wall edges and create work-friendly corners – the entire Meeter family is at your service.

Furniture that adapts

Meeter takes the unique features of a space into account. The module offers shallow seating, three different backrest heights, and comes in various lengths, allowing you to create versatile spaces for different functions.

Meeter brings people together

Meeter is built to be extremely durable, long-lasting, and easy to clean, making it perfect for all kinds of spaces – even high traffic areas. Meeter’s modules can be used to furnish:

- cafés, restaurants, and office kitchenettes;
- meeting rooms and collaboration areas;
- lounges, rest areas, and private work areas;
- small niches, spaces under stairs and along the wall edges, where space is at a premium.

The seat cushion, narrower than usual yet comfortable, fits into compact spaces.

Finnish Transport Infrastructure Agency in Helsinki, Finland.
Photo: Hannakaisa Pekkala

To date, we have produced over

11 km

of Meeter – that's more than
1.3x the height of Mount Everest!

DISCOVER MEETER

What makes Meeter special is its exceptional adaptability. You can create interior solutions that consider both the available space and your aesthetic preferences. In line with the modern furniture trends, Meeter offers proven quality, sustainability, and eco-label certifications.

MANY CHOICES

Adjustable length

Combine standard modules or order custom-length modules to suit your needs.

Backrest in three heights

Choose the backrest height that best fits your space and offers privacy when needed.

Different leg styles

Select from elegant metal legs, natural wood legs, or a stylish plinth.

1000+ house fabrics

For the upholstery, you can choose from our fabric selection or provide your own.

PRACTICAL ADD-ONS

Equipped with power outlets

Power outlets enhance functionality and are available under or inside the seat, or in the plinth modules to suit your needs.

Decorate with planter boxes

Planter boxes add greenery and beauty to any space, available in sizes that match Meeter.

Add a table

Attach an Aide table for use as a coffee table or work desk. Multiple table-top plates available.

CERTIFICATES AND LABELS

Controlled quality

The Meeter production process is ISO 9001:2015 and ISO 14001:2015 certified.

Durable and safe

Certified with the Level 2 European Standard for strength, durability, and safety.

EU Ecolabel

The EU Ecolabel certifies that Meeter is environmentally friendly and health-conscious throughout its lifecycle.

FSC certified wood

We use FSC certified wood in the construction of Meeter.

MEETER IN A CAFÉ OR EATERY

Meeter is versatile, fitting in seamlessly in the atmosphere of both an elegant restaurant and a simple eatery.

Hella Lithuania office in Kaunas, Lithuania.
Photo: Norbert Tukaji

Making the most of every centimetre is crucial in cafés, restaurants, and other eateries. Café furniture must also endure frequent use and cleaning. Fortunately, these are some of Meeter's key strengths.

Endless seating

Meeter sofa and armchair modules can be arranged into straight or wavy rows, along with tables of various capacities – perfectly suited to the available space.

In the office, an eatery furnished with Meeter can even double as a work area, as the shallow seat cushion not only saves space but also provides excellent back support and comfort.

If you need a complete set

The Aide table complements Meeter as an indispensable backdrop: timeless and solid, Aide is available in various dimensions and colours.

Meeter's planter boxes also function as room dividers, bringing greenery and tranquillity to your space while creating privacy.

Planter boxes divide and add character to the space.

MEETER IN MEETINGS AND THE OFFICE

Meeter Workbay offers privacy – together or alone.

Thanks to its durability and versatility, Meeter is used in offices, educational institutions, libraries, and more – wherever a group needs a comfortable and compact place to gather.

Large groups

To seat larger groups at one time, both the centre and wall edges of a room must be utilized. Meeter's flexible modules are infinitely combinable, allowing you to maximise any space. Meeter is also ideal for waiting areas.

Small groups

Modules placed opposite each other create 'islands' for working alone, meetings, or group work. Functionality is enhanced with auxiliary desks and integrated power solutions. The walls of Meeter Workbay provide privacy.

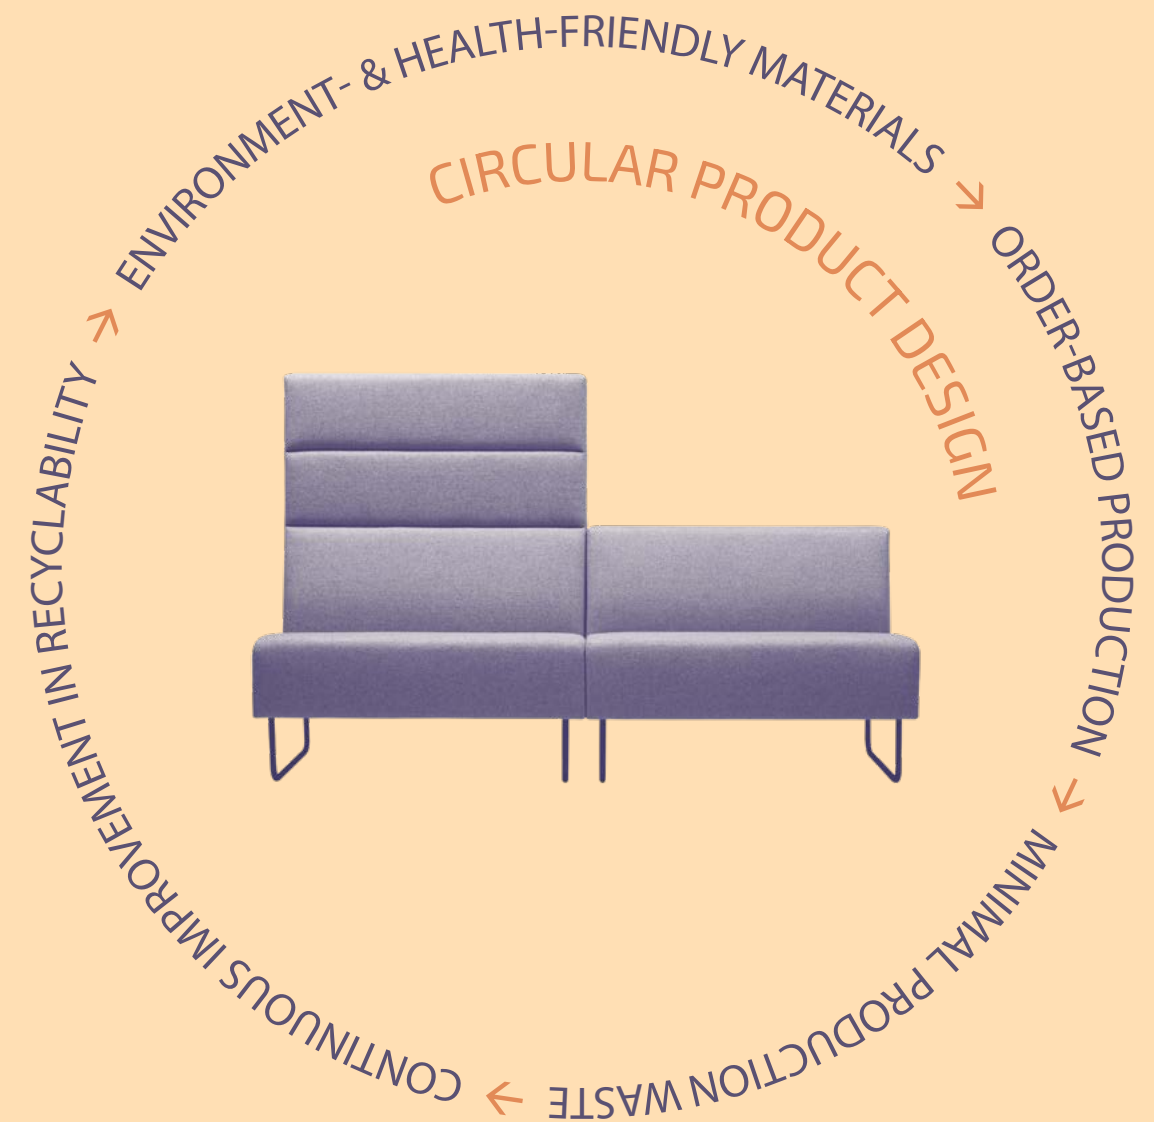

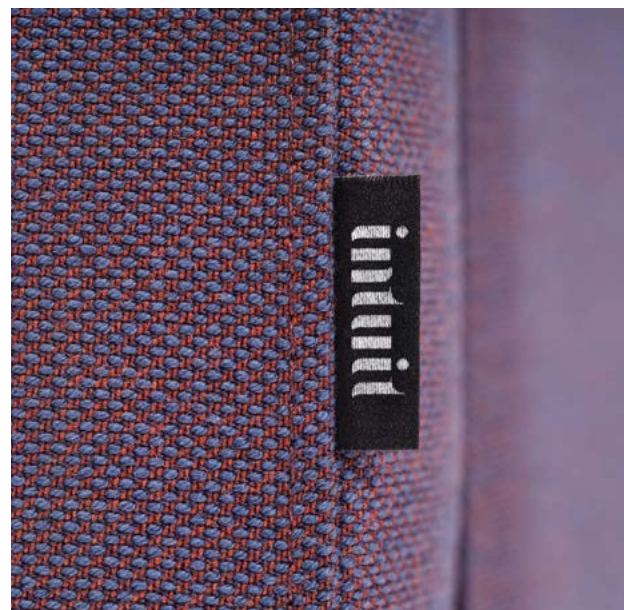

Use high backrests to separate groups, creating both visual and acoustic barriers.

INTUIT BY SOFTREND AND SUSTAINABILITY

Intuit by Softrend is deeply committed to sustainability, as we believe it is essential to uphold our responsibility as a furniture manufacturer.

Reducing our environmental footprint is a priority throughout the entire product lifecycle, from design and material selection to manufacturing processes and recyclability.

Eco-labels, such as the EU Ecolabel, confirm that we are on the right track.

EU ECOLABEL AND OUR PRODUCTS

The EU Ecolabel guarantees that a product is made in an environmentally and health-friendly way, has a long lifespan, and can be safely recycled. We are applying for Ecolabels for our products to help customers make more sustainable choices.

Meeter – Intuit’s first EU Ecolabelled product series.
EU Ecolabel: reduced environmental impact throughout the entire lifecycle.

Environment

The raw wood, cork, bamboo, or rattan used in Ecolabelled products comes from sustainably managed forests.

Health

Ecolabelled furniture is produced without the use of hazardous chemicals, ensuring safety for everyone who comes into contact with it – both during production and use.

Warranty

Ecolabelled products come with a long manufacturer’s guarantee, reflecting their high quality and exceptional durability.

Sustainability

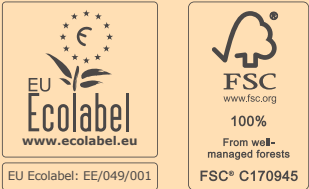

Ecolabelled furniture is easy to dismantle, repair, and refresh – for example, by replacing the fabric and foam. This process further extends the product’s lifespan.

Ecolabelled fabrics

Intuit offers a range of around 1,500 fabrics, over half of them carry the Ecolabel. These 724 fabrics, each with distinctive looks and versatile characteristics, come from various manufacturers and are divided into multiple price categories.

FSC certified wood

We already use 90% FSC-certified wood in the production of Intuit’s products. This certification ensures that the wood is produced with equal regard for both the environment and economic viability.

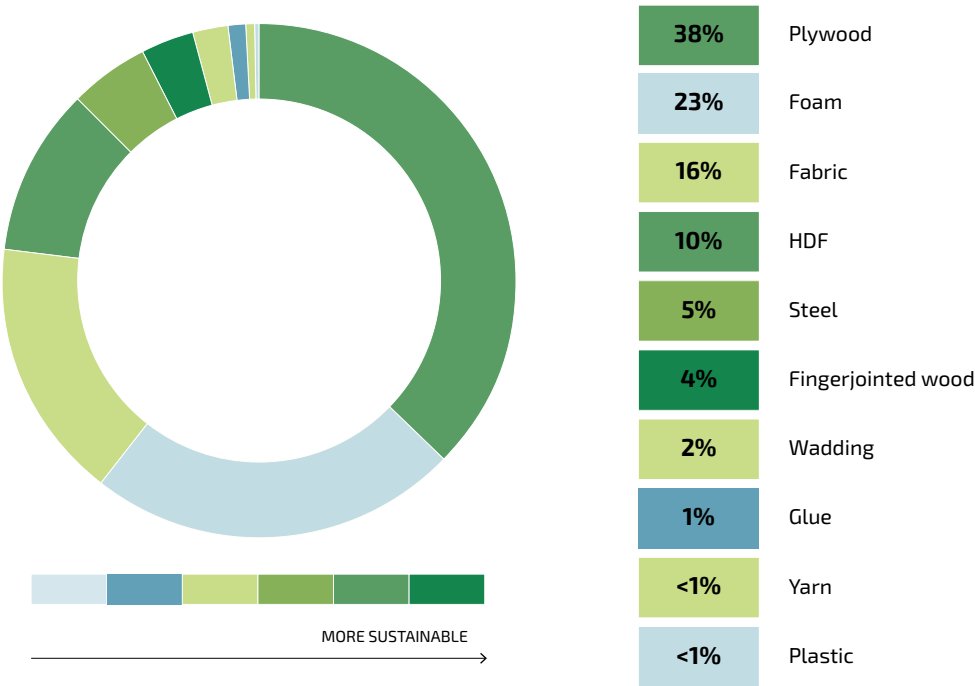

MEETER MODULAR: SUSTAINABLE MATERIAL BREAKDOWN

Material breakdown data based on a Meeter Modular height 3, length 150 module with standard powder-coated U-shape metal legs and covered with Gabriel Cura fabric.

Figures stated will vary depending on model purchased and specification changes.

Recycled data based on supplier information and industry averages.

Total weight: 44 kg

SUSTAINABILITY

Crafted with durability and quality in mind, Meeter is designed to withstand the test of time. Yet, when its service life concludes, each piece can be returned to us for refurbishment or directed into responsible recycling, ensuring minimal environmental impact.

Meeter series designer Argo Tamm

“ Meeter is a prime example of a well-defined design brief and its outcome, fulfilling its function completely.

There were three criteria for its creation: client-adjustable width and height seating modules, compact enough to fit in smaller spaces and sufficiently neutral to avoid dominating over other interior elements.

Following the launch of the initial base models, client feedback and our analysis allowed us to expand our product range for this model. Over time, the Meeter family expanded to include an armchair, electrical outlets, curved versions, a plinth, workbay, and this list is still growing.

Generally, interest in products begins to wane after their fifth or sixth year on the market. This is not the case with Meeter. Every designer's goal should be to create something timeless and durable, so as not to overly burden the environment.

STANDARD FABRIC COLLECTION:
A SYMPHONY OF DESIGN, DURABILITY
AND SUSTAINABILITY

At Intuit by Softrend, we understand that the right fabric can transform a piece of furniture from merely functional to truly exceptional. That's why we offer an extensive Standard Fabric Collection, featuring over 1,000 high-quality fabrics sourced from renowned international suppliers including Camira, Kvadrat, Gabriel, and others. Each fabric is carefully selected to ensure it meets the rigorous demands of public spaces, with superior durability and compliance with flame and/or fire resistance standards.

Our collection is meticulously curated to cater to diverse tastes and budgets, organized into five distinct price categories. This structured assortment ensures that whether you're seeking luxury or affordability, you'll find fabrics that do not compromise on quality or style.

For those who desire a personal touch, we offer the flexibility to upholster your chosen furniture with your own material, allowing for a truly customized interior experience.

We are committed to sustainability; the majority of our fabrics bear the Oeko-Tex or Ecolabel certifications and/or are made from recycled materials, reflecting our dedication to environmental responsibility. Our annual update of the fabric selection not only aligns with the latest trends but also retains beloved classics that have stood the test of time.

Discover fabrics ranging from rich wools and sleek artificial leathers to soft felts, most backed by a 10-year manufacturer's warranty. The Intuit by Softrend Standard Fabric Collection is designed not just to meet, but to exceed the functional and aesthetic needs of any space.

The Meeter series has acquired the EU Ecolabel through the use of environmentally preferred fabrics such as:

Brand	Design	Sustainability	Price category
Camira	RePlay		2
Camira	Rivet		2
Gabriel	Cura		2
Camira	Main Line Flax		3
Camira	Sumi		3
Gabriel	Blend		3
Gabriel	Step Melange		3
Kvadrat	Remix 3		3
Camira	Synergy		4
Camira	Blazer		5

Practical after-sales service: a worn Meeter can be refreshed with a new cover fabric replacement
