## MARO Office Furniture

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

# Biurka z wysoką zabudową Wariant

Wariant is a collection of mobile furniture that enables to freely arrange a space. The collection features desks with low and high partitions, compact desks, add-on desk cabinets, modular cabinets, mobile walls, a meeting place, a TV stand, a mobile mini assistant and a wardrobe.

Compact desks are equipped with pneumatic or electric height adjustment with the possibility to mount a tilting top. Wariant modular cabinets allow you to build and rebuild a piece of furniture that is fully adapted to the user's needs. Mobile walls with sound-insulating fabrics can be purchased with dry-wipe boards.

The Mobile TV stand is perfect for presentations and meetings. On the other side, there is a dry-wipe board. By rotating the TV stand, we can comfortably access the board. The Meeting Place is a mobile version of a conference table which can be used for team and individual work. The furniture based on castors with brakes allows to change the layout of the office within few minutes. This way, the office can be rearranged to respond to your team's needs.

## TOP

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- Top finished with 2 mm thick ABS plastic edge with 3 mm radius.
