

Executive desks Sirio

MARO Office Furniture

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

Sirio

Sirio collection features individual and team desks as well as conference and occasional tables. Cabinets and showcases complement the collection - everything you need to completely furnish your office.

The furniture's distinctive feature is a unique, slim shape of legs. A wide range of sideboards for desks support helps to adapt the space to your needs.

TOP

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- Top finished with 2 mm thick ABS plastic edge with 3 mm radius.
- Top made of 18 mm thick board as standard.
- 25 mm thick board top as an option with no surcharge, desk 7 mm higher.

ADDITIONAL EQUIPMENT

- Metal, powder-coated in the color of the frame, fixed or fold-down cable channel affixed under the top as standard.
- Plastic cable clasp.
- Possibility to mount a fixed or fold-down cable channel to the desk supported on sideboard and straight desk with double top supported on sideboard.

INFORMACJE DODATKOWE

- Kolorystyka wg oferty MARO

FRAME

- Self-supporting steel structure comprising of welded elements (legs forming the side of the station) joined with two beams

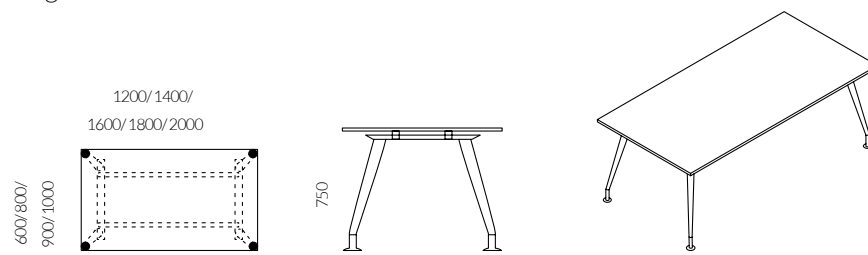

HEIGHT

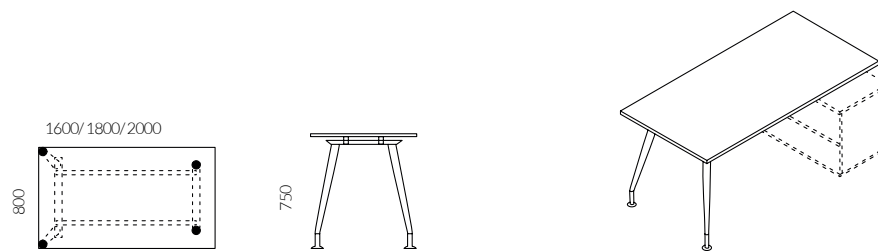

- Fixed height 750 mm, leveling feet +10 mm.
