MARO Office Furniture

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

StartUs - E

StartUs-E is a desk with electric height adjustment. Switching between working in standing and sitting positions will help to perform our daily duties while taking care of our spines.

The idea behind StartUs collection is to keep the balance between work and free time by making the desk as compact as possible and by taking up space only while in use.

StartUs-E electric desk is equipped with an anti-collision sensor and SUPERIOR control panel as standard. PREMIUM control panel is available with a surcharge.

ANTI-COLLISION SENSOR

STRUCTURE

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- Side edges finished with 2 mm thick ABS plastic edge with 3 mm radius.
- Carcass, front, back wall and desk top made of 18 mm. thick chipboard.

EQUIPMENT

- Electric column with anti-collision system as standard.
- SUPERIOR control panel (PREMIUM control panel as an option).
- Fronts equipped with 90° hinges, castors and push to open function.
- Counterweight as standard.
- Screw anchors for fitting to concrete walls, spacing 12 mm, included.
- Round cable outlet $\phi 60$ in the back wall.

HEIGHT

- Folded furniture height: 740 mm, leveling feet +10 mm.
- Electrically adjusted top height: from 740 mm to 1390 mm.

Folded desk

Unfolded desk

Product Code	Dimensions			Price	Weight	Vol.
	W	/	D / H			
SU20	1000	/	320 / 740	1505	65	0,240
SU21	1200	/	320 / 740	1536	76	0,284

SUPERIOR CONTROL PANEL

- Thanks to „memory” function, the panel saves 2 heights of your choice, which enables to adjust the height with a single click.
- LED light - reminds when it is time to get up.
- Bluetooth module, allowing to control your desk, using your smartphone, tablet, PC/MAC.
- Black.

PREMIUM CONTROL PANEL

- Thanks to „memory” function, the panel saves 4 heights of your choice, which enables to adjust the height with a single click.
- Display with current height information.
- LED light bar reminds when it is time to get up.
- Bluetooth module, allowing to control your desk, using your smartphone, tablet or PC/MAC.
- Possibility to display a customized welcoming or logo (surcharge + 45 EUR)
- Black.
