Ikoon

Compact privacy sofa system

Design: Argo Tamm

Designed for spaces where comfort, privacy and adaptability must coexist within a limited footprint, Ikoon is a compact sofa system that delivers focused seating without overwhelming the room. Its clean geometry and reduced dimensions make it easy to integrate into a wide range of interiors, while softly enclosing sides create a calm, personal seating experience.

Available in two heights, Ikoon supports different levels of interaction — from open, approachable seating to more enclosed use with enhanced visual and acoustic privacy. Integrated side tables provide a convenient surface for laptops or personal items, while optional power outlets — including an optional battery bank solution — enable power access without fixed connections, supporting mobile and laptop use and longer stays. With its compact form and optional castors, Ikoon can be easily repositioned as spaces and activities change.

Ideal for offices, lobbies, lounges, larger meeting rooms and multi-use venues, Ikoon is designed to support spaces that need to transform quickly. **Rather than dictating layout, it follows the rhythm of daily activity** — shifting effortlessly between waitwing, informal meetings and focused individual use. Ikoon performs equally well in transport hubs, educational settings and shared public interiors where adaptability and privacy are essential.
